2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The Program of Veterinary Care (PVC) stated that visits would be made Bi-annually but the veterinarian last visited the inspection in the spring of 2014 and no specific date was noted for this visit. Regularly scheduled visits may not be further apart than directed in the PVC, this ensures that the veterinarian is familiar enough with the facility and husbandry to make the best recommendation for health of the animals. Correct By 30 January 2015

3.31(a)(1)

SANITATION.

The owner stated that he is not sanitizing the enclosures as often as every two weeks. There was a accumulation of dirt that discolored the back wall of several enclosures. Enclosures shall be sanitized at least once every 2 weeks according to regulations to prevent the spread of disease. Correct from this point forward.

An exit interview was conducted with facility owner.
