REQUIREMENTS AND PROCEDURES.

The facility, acting as an intermediate handler for air carriers at the Miami International Airport (MIA), was found to be operating and transporting regulated animals without a valid USDA certificate/registration.

Each carrier and intermediate handler, and each exhibitor not required to be licensed under section 3 of the Animal Welfare Act (AWA) and the regulations of this subchapter, must register with the Secretary of Agriculture by completing and filing a properly executed registration form; registration form already provided by this inspector.

The registration form must be filed with the USDA-APHIS-AC Regional Director for the State in which the registrant has his or her principal place of business, and should be updated every 3 years by the completion and filing of a new registration form which will be provided by the AC Regional Director.

NO REGULATED ACTIVITIES MAY BE CONDUCTED UNTIL AN USDA REGISTRATION CERTIFICATE IS ISSUED.

This inspection and exit interview were conducted with two facility representatives.
