2.40(b)(2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

A Blue roan cocker dog, Zoey, identification number 12 has mats hanging from the bottom of each ear and mats hanging between the dogs front legs.

Matted hair on the dog can cause discomfort & could lead to infection or health problems for that dog. Mobility of the dog could also be affected with the discomfort or pain associated with matted hair constantly pulling on the skin of the dog. The potential for the skin to become inflamed or infected is a big possibility. Matted hair does not maintain the same insulating qualities of normally groomed hair. Regular grooming of matted hair is necessary to ensure the health & well-being of all dogs. The owner must groom this dog in a way that removes these mats/balls of hair. Correct by 12-08-2014.

This inspection and exit briefing were conducted with the facility representative.
