WILDLIFE ENCOUNTERS L L C

Type: ROUTINE INSPECTION

Date: 12-MAY-2023

3.125(a)

Facilities, general.

The sugar glider enclosure had an approximately 2 by 2.5 inch section of wire with sharp points that was pulled back from the upper left front side of the cage. Animal cages in disrepair may not contain the animals adequately and sharp edges may cause injury. The facility must ensure that the cages are maintained in good repair.

Correct by close of business May 12, 2023.

This inspection and exit interview were conducted with the facility representative.

Additional Inspectors:

EILIS KARR, VETERINARY MEDICAL OFFICER
