SeaQuest Roseville LLC
1595 Highway 36 W Suite 578
Roseville, MN 55113

Customer ID: **6014232**
Certificate: **41-C-0312**
Site: 001
SeaQuest Roseville LLC

Type: ROUTINE INSPECTION
Date: 01-MAY-2024

2.40(a)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The facility does not have an attending veterinarian (AV). A representative from SeaQuest Roseville informed Animal Care on April 24, 2024 that their current AV would be resigning as of April 30, 2024. The facility failed to retain another AV before the AV departed on April 30th. Lack of an AV does not ensure that appropriate and adequate veterinary care is being provided to the animals at the facility. Correct by May 15, 2024.

3.154

Environment enhancement to promote psychological well-being.

The facility has an environmental enhancement plan to promote the psychological well-being of the birds however, the plan is not approved by the attending veterinarian. Having an unapproved environmental enhancement plan does not ensure that adequate and appropriate measures to promote the psychological well-being of the birds is being provided. The plan must be approved by the attending veterinarian. Correct by May 15, 2024.

3.158(d)

Cleaning, sanitization, housekeeping, and pest control.

A large amount of mouse feces was observed along the walls in the office space that currently houses a golden parakeet. The facility contracts a pest control service and though it has been successful in reducing the number of mice caught a pest control issue remains. Pests such as mice can spread disease and contaminate food, surfaces and animal housing areas. A safe and effective program for the control of mammalian pests must be established and maintained to promote the health and well-being of the birds and reduce contamination by pests in animal areas. Correct by May 31, 2024.

This inspection and exit interview were conducted with the General Manager.
