

## Inspection Report

---

Sacramento Zoologic Society  
3930 West Land Park Drive  
Sacramento, CA 95822

Customer ID: **3379**  
Certificate: **93-C-0008**  
Site: 001  
CITY OF SACRAMENTO

Type: RE-LICENSE INSPECTION  
Date: 29-JUN-2023

---

### 3.127(d)

#### Facilities, outdoor.

In several areas of the perimeter fence, there was a decreased effective height of the fence. There were pieces of fence of other items stored along the fence and an enclosure directly adjacent to the fence that provided a fenced top that could be used as a stepping stone. In addition, there were several trees directly adjacent to the fence that could also provide a route in or out of the facility. The perimeter fence must be constructed and maintained so that it restricts animals and unauthorized persons from going through it or under it and so that it can function as secondary containment for the animals in the facility.

Correct by the next scheduled Re-License inspection.

### 3.131(c)

#### Sanitation.

In the primary food kitchen used to prepare diets for the mammals, the concrete floor had multiple areas of paint peeling, resulting in exposed concrete. The floor with exposed concrete is no longer in good repair and the porous concrete does not facilitate cleaning and disinfection. Floors in kitchens must be maintained in good repair and able to be cleaned and disinfected, consistent with good husbandry practices.

Correct by the next scheduled Re-License inspection.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by 27 August, 2023 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires on 1 August, 20223.
