### 2.38(b)(1)(ii)

#### Miscellaneous.

Although the dogs at the facility were being provided with opportunities to exercise, the research facility could not locate the Dog Exercise Plan at the time of the inspection. An exercise plan approved by the Attending Veterinarian, including written standard procedures to be followed in providing the opportunity to exercise, is required whenever dogs are maintained by a facility. As a result, the dog exercise plan could not be reviewed during the inspection.

Per this Section, all documents that are required to be kept under the Animal Welfare Act (AWA) should be available at the time of an inspection so the required documents can be reviewed to determine compliance with the provisions of the AWA. Copies of all documents and records required under the AWA need to be on the premises and available for review. Correct by 5/23/25.

This inspection and exit briefing were conducted with facility representatives.
