REQUIREMENTS AND APPLICATION.

There were hedge hogs sold and a capuchin previously on exhibit and sold from this pet shop without a USDA license. Eny Petz is owned and operated by Charity Bequer. On March 15, 2015, I visited Eny Petz Pet Shop and informed Mrs. Bequer of USDA standards and regulations with a licensing packet was issued. The application and fee was sent to the eastern regional office several months ago, however a USDA license has not been obtained. It was stated this location will be closing and business will be conducted out of their residence located here in Lehigh Acres, Florida. I explained that applicants need to be in compliance with the local and state governments and issued a new application form.

Any person operating or intending to operate as a dealer or exhibitor must have a valid license. The applicant shall provide the information requested on the application form, including a valid mailing address through which the licensee or applicant can be reached at all times, and a valid premises address where animals, animal facilities, equipment, and records may be inspected for compliance. The applicant shall file the completed application form with the AC Regional Director.

NO REGULATED ACTIVITY CAN BE CONDUCTED, UNLESS A USDA LICENSE IS OBTAINED.

Exit interview was conducted with Charity Bequer.
