#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

\*\*While reviewing records it was noted the written program of veterinary care had not been correctly completed. Section II (Dogs and Cats) had been incorrectly completed to include the parasite program for a tiger housed at the facility instead of Section III, Wild and Exotic Animals, Part B Parasite Control Program. Sec III, Wild and Exotics Animals did not list the correct current inventory of animals. The inventory included a lynx and fox that are no longer housed at the facility and did not include coyotes and a porcupine currently housed at the facility. The program of veterinary care should be updated to accurately reflect a parasite program for the appropriate species and correct animal inventory. Lack of a complete program of veterinary care does not ensure that proper veterinary care is being provided in accordance with currently accepted veterinary medical standards.
