#### ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

APHIS inspectors arrived at the facility at 8:51 am on 20 May 2015. After arrival, inspectors called the telephone numbers listed in the file in an attempt to request access for inspection. The calls received no answer, and one of the voice mailboxes contacted was full. At approximately 9:00 am, inspectors spoke with a female employee, who had just arrived at the facility. After identifying ourselves and stating our purpose for being at the facility, inspectors requested that she have the owner meet the inspectors at the front gate in order to conduct an inspection. At 9:23 am, inspectors again called the telephone numbers listed in the file. Throughout the waiting period, inspectors honked numerous times in attempt to gain access to the facility and make their presence known. At 9:40 am, after receiving no contact from any facility representative, the inspectors determined that the licensee was refusing access for inspection, and subsequently left the facility. All licenses must allow APHIS officials to inspect and photograph the facilities, property and animals as the APHIS officials consider necessary to enforce the Act and assess the health and welfare of the animals.
