Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1150 on 10/21/2024. The inspector attempted to contact the licensee by calling the contact number and leaving a message. The facility representative later returned the call but stated he was unavailable for inspection. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
