### 2.40(a)(2)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

Five adult servals are not current on rabies vaccinations (per due dates located on medical documentation/vaccine certificates) and are past due for annual exams. The program of veterinary care (PVC) states that exams are to be completed annually. Failure to follow the instructions of the attending veterinarian may result in animal health problems due to lack of veterinary oversight. The licensee must schedule annual exams and vaccines to be completed as stated in the PVC.

To be corrected by December 1st, 2023.

This inspection and exit interview were conducted with the licensee.
