Institutional Animal Care and Use Committee (IACUC).

The 7/7/2022, 1/10/2023 and 3/14/2023 semi-annual reports to the Institutional Official were not signed by a majority of the IACUC committee members. The process of having the majority of the IACUC committee members sign the report to the Institutional Official ensures that a majority of the IACUC committee members support the information within the report, which may include deficiencies in the program for humane care and use of animals or facilities, and ensures that the Institutional Official is kept informed and provided with accurate information on the status of both the program for humane care and use of animals and the research facilities. Ensure that the semi-annual reports to the Institutional Official be reviewed and signed by a majority of the IACUC members prior to sending to the Institutional Official. Correct from this date, 27 April 2023, for all future semi-annual reports submitted to the Institutional Official.

This inspection and exit interview were conducted with Facility Representatives.
