Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 11:14 AM on 6/25/2024.

The inspector arrived at 11:14 AM on 6/25/2024 to conduct an inspection. The inspector contacted the licensee by phone upon arrival and learned that the licensee was at a distant off-site location and could not be available until much later in the day.

An AWA compliance inspection could not be conducted because there was no other authorized facility representative available to accompany the inspector, nor were the animals present. Unannounced inspections are used to evaluate compliance with the AWA Regulations and Standards. This is the FIRST attempted inspection of the Licensee. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.

Additionally, the return date of the overnight TRA itinerary the licensee submitted to USDA was scheduled as 6/24/2024. However, the licensee did not return until 6/25/2024, and did not provide an update regarding the change. Information concerning the whereabouts of any animal covered by the AWA and regulations where overnight travel is involved, must be communicated to APHIS to ensure tracking of the animals for their well-being. The itinerary shall be revised as necessary, and the Deputy Administrator shall be notified of any changes at the earliest possible time.
