Evans Orchard And Cider Mill L L C
180 Stone Road
Georgetown, KY 40324

Customer ID: 327717
Certificate: 61-C-0171
Site: 001
KEVAN EVANS

Type: ROUTINE INSPECTION
Date: 24-NOV-2015

3.131(d)

SANITATION.

In the food storage room rodent feces in the corners and around the feed containers was observed.

A rat hole and a feed spill had been observed in one of the food bags.

The rodents are a known to contaminated the food with feces and urine.

The feces and urine contamination around the food storage areas is a risk to the health and well being of the animals.

The rodents are a known source of multiple infections and diseases for other mammals.

The contaminated bag was discarded, and the other bags were put inside of a metallic container.

A black box for rodents control was observed, but it was empty and does not appear in working condition

A working safe and effective pest control program shall be established and maintained on a permanent basis.

Correct by: 12/15/2015

Inspection and exit interview with the caretaker.
