Date: 06-JAN-2025

2.75(b)(1)

Records: Dealers and exhibitors.

No records of disposition were available at the time of the inspection for three zebras that had been sold by the facility. Failure to maintain these required records prevents the tracking of animals to their destination. The facility must ensure that records are maintained which fully and correctly disclose all information concerning each animal which has been transported, euthanized, sold, or otherwise disposed as required under this Section of the Regulations. Correct by February 3, 2025.

This inspection and exit interview were conducted with a facility representative.
