TIME AND METHOD OF IDENTIFICATION.

* There are six dogs that did not have official identification on them at time of facility inspection. The licensee is using microchips as the official identification. Official identification is needed to ensure that each animal's identity can be known with certainty and to facilitate the inspection process. The licensee must ensure that all dogs on the premise have official identification on them at all times.

2.75(a)(1)(6)

RECORDS: DEALERS AND EXHIBITORS.

* USDA APHIS 7005 form (Record of Dogs on Hand) has incomplete information on six dogs housed at the premise. No official identification was listed on these dogs at time of inspection. Complete and accurate records are needed to ensure each animal's identity can be known with certainty and to facilitate the ability to trace dogs. The licensee must maintain records which fully disclose all information concerning each dog in their possession. Correct by 5/22/14.

* Facility inspection and exit briefing done on 4/22/14 were conducted with the licensee.
