2.31(c)(7)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Protocol 17850-13 approved by the IACUC describes a post operative recovery period up to 72 hours and subsequent return of the animals to the facility colony. All pigs used under this protocol were euthanized prior to recovery at the conclusion of the surgical procedure.

Significant changes to ongoing animal activities must have IACUC review and approval prior to implementation of the changes. The IACUC must review and approve all significant changes to activities related to the use of animals to ensure the proposed activities comply with the regulations and standards under the Animal Welfare Act.

Correct by: All future significant changes in animal activities must receive IACUC review and approval.

Exit interview conducted with management.
