2.75(b)(1)

Records: Dealers and exhibitors.

There were no records of acquisition or record of animals on hand for the 2 geese, 27 chickens, and 10 Guinea fowl that are on the premises.

Per this Section of the Regulations, exhibitors shall make and maintain complete records regarding the details of the acquisition and disposition of animals in their possession in order to account for all animal transfers and the sources of the animals. The Licensee needs to prepare records of acquisition and a record of animals on hand for these birds and ensure that the animal records are kept current for all animal acquisitions. Correct by 10/27/23.

3.80(a)(1)

Primary enclosures.

The back wall of the outdoor portion of the lemur exhibit enclosure has approximately 10 areas of the outermost layer of wooden siding with damage where the siding has cracked and pieces of the siding have broken off, forming holes in the back wall.

Per this Section, primary enclosures must be structurally sound and kept in good repair. The damaged areas of wooden siding need to be repaired/replaced to maintain the primary enclosure in good repair. Correct by 10/27/23.

3.154

Environment enhancement to promote psychological well-being.

Although the birds at the facility were socially housed and were provided with materials to enhance their environment, a written plan for environmental enhancement to promote the psychological well-being of the birds had not been developed and was not available for review at the time of the inspection.

Per this Section, exhibitors must develop, document, and follow a species-appropriate plan for environment enhancement to promote the psychological well-being of birds. The plan must be approved by the Attending Veterinarian and must be in accordance with currently accepted professional standards as cited in appropriate professional journals or reference guides. At a minimum, the plan must address each of the following: social grouping, environmental enrichment, special
