

Inspection Report

Wildlife Center of Virginia
PO Box 1557
Waynesboro, VA 22980

Customer ID: **1910**

Certificate: **52-C-0017**

Site: 001

WILDLIFE CENTER OF VIRGINIA

Type: RE-LICENSE INSPECTION

Date: 28-MAR-2023

3.131(c)

Sanitation.

There is an accumulation of supplies such as crates, enclosures, and plastic tubs stored behind the main building that prevents visualization of the ground and periphery of the building for signs of potential pests and provides areas of harborage. This area behind the main building also serves as food storage with several chest freezers and refrigerators. It is important that all premises can be routinely monitored and inspected for signs of pests and eliminate potential harborage areas. Correct by April 18, 2023 by ensuring all premises (buildings and grounds) are kept clean and in good repair.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by May 27, 2023 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
