Type: ROUTINE INSPECTION
Date: 03-FEB-2025

3.29(d)

Feeding.

There are accumulations of fines from the pelleted feed and debris in the troughs of the self-feeders in several of the guinea pig enclosures. Accumulation of fines and debris can affect the health of the guinea pigs. The self-feeders must be kept clean and shall be sanitized at least once every 2 weeks to protect the health of the animals. Correct by February 5, 2025.

This inspection and exit interview were conducted with the licensee.
