A responsible adult was not available to accompany APHIS Officials during the inspection process at 12:00pm on June 5, 2023. After knocking on the front door of the facility, an employee informed the inspector that the licensee was out of state and would not be available in under an hour.

The licensee failed to have a responsible person available to conduct an animal welfare inspection. The facility was not able to be inspected for compliance with the Animal Welfare Act regulations and standards to ensure the health and well-being of the animals.
