Type: FOCUSED INSPECTION
Date: 18-OCT-2016

3.125(a) REPEAT

FACILITIES, GENERAL.

This was a focused inspection to document the progress of the painting of the posts and framework throughout the enclosures at this facility documented on the previous inspection report. There has been significant progress made on this project. There still remains more painting to be done for this project to be considered completed and compliant. This will be reported on at the time of the next inspection.

3.127(d) REPEAT

FACILITIES, OUTDOOR.

This was part of a focused inspection to document progress on the repeat non-compliance's cited on the July 6, 2016 inspection report. While there has been significant progress made on the perimeter fence which is required at this facility, there remains a considerable amount to be completed for the facility to be considered fully compliant in the requirements for a perimeter fence. The status of this perimeter fence will be documented on the next inspection report.

This inspection and exit interview were conducted by Donovan Fox ACI with the licensee and the AC persons listed below.
