Environment enhancement to promote psychological well-being.

The facility did not have a documented environment enhancement plan to promote psychological well-being of their avian species as required by the Animal Welfare Act. The facility must develop, document and follow a species appropriate plan for environmental enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian, and at a minimum must address social grouping, environmental enrichment, special considerations, restraint, and exemptions to the plan regulation and be in accordance with currently accepted professional standards.
