2.134(b)

Contingency planning.

There is no documentation maintained to indicate that an annual review of the contingency plan has been completed. The contingency plan must be reviewed by the facility on at least an annual basis to ensure that it adequately addresses all required contingency related criteria and that no updates or changes need to be made to the plan such as changes made as a result of any recent unforeseen circumstances.

The facility must maintain documentation of their contingency plan annual reviews including documenting any amendments or changes made since the previous year's review. Correct by Jan. 7, 2025.

3.154

Environment enhancement to promote psychological well-being.

No written environment enhancement plan was available for the birds. All birds inspected were provided with both social and environmental enrichment.

All facilities must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations and with currently accepted professional standards as cited in appropriate professional journals or reference guides.

The facility shall make and keep a written environment enhancement plan that is approved by the attending veterinarian for the bird species maintained. Correct by Jan. 7, 2025.

This inspection was conducted with the facility representative and exit interview was conducted with the licensee.
