

Inspection Report

JOSE VANEGAS CONSUELO FIGUEROA
6145 Wittig Ave
LAS VEGAS, NV 89131

Customer ID: **9824**
Certificate: **88-C-0194**
Site: 004
CONSUELO & JOSE VANEGAS

Type: ROUTINE INSPECTION
Date: 05-JAN-2022

2.50(c)(2)(i)

Time and method of identification.

The licensee had no official identification for the dogs kept at the facility at time of inspection. A class "C" exhibitor shall identify all live dogs under his or her control or on his or her premises, whether held, purchased, or otherwise acquired by identifying each dog with an official USDA sequentially numbered tag that is kept on the door of the animal's cage or run. An official USDA, sequentially numbered tag must be assigned to all dogs held on the premises. This tag must be affixed to the dog's cage or run and moved whenever the dog is moved to a different cage or run.

Correct by 1/31/2022.

3.8

Exercise for dogs.

A written exercise program that is approved by the attending veterinarian was not available for inspection. An exercise plan is necessary to ensure that dogs are provided with adequate space and opportunity for exercise for their health and well-being. Exhibitors must develop, document, and follow an appropriate plan to provide dogs with the opportunity for exercise, and the plan must be made available to APHIS upon request.

Inspection Report

Correct by 01/31/2022.

3.13(a)

Veterinary care for dogs.

The facility has an attending veterinarian; however, the written Program of Veterinary care was incomplete and not signed. Sections which were not complete include: the plan for complete physical examinations of dogs, the plan for vaccinations for contagious and/or deadly diseases of dogs (including rabies, parvovirus and distemper) and sampling and treatment of parasites and other pests (including fleas, worms, coccidia, giardia, and heartworm) in accordance with a schedule approved by the attending veterinarian, and preventative care and treatment to ensure healthy and unmatted hair coats, properly trimmed nails, and clean and healthy eyes, ears, skin, and teeth. A complete and signed written program of veterinary care is required and is important for the care of the animals and ensures clear and accurate communication between the facility and the attending veterinarian. Ensure the written Program of Veterinary care is approved and signed by the attending veterinarian and is available for all inspections.

Correct by 01/31/2022.

This inspection and exit interview were conducted with the licensee.
