#### HOUSING FACILITIES, GENERAL.

In the dog kennel room, there was a large, open plastic barrel containing dry dog food which was kept without a lid. Open supplies of food may become contaminated by debris, pests or may deteriorate or spoil so should be stored or kept in a manner to protect the health of the dogs. All open supplies of food must be kept in leak-proof containers with tightly fitting lids to prevent contamination, deterioration of its nutritive value, and spoilage.

Corrected at time of inspection.

This inspection and exit briefing were conducted with a facility representative.
