THE WILD ANIMAL SANCTUARY  
1946 WCR 53  
KEENESBURG, CO 80643

Customer ID: **3516**  
Certificate: **84-C-0019**  
Site: 001  
THE WILD ANIMAL SANCTUARY

Type: ROUTINE INSPECTION  
Date: 27-JUN-2022

---

### 3.127(d)

#### Facilities, outdoor.

There are multiple gaps beneath gates along the perimeter fence. These gaps range from 4-8 inches between the ground and the bottom of the gates. Additionally, a section of the perimeter fence near the visitor parking lot has thick weeds growing on either side of it. This obscures the bottom third of the fence from view and makes it difficult to assess if the fence is structurally intact.

A perimeter fence that is not maintained in good repair can allow unwanted animals to enter the facility and potentially harm the animals within. The perimeter fence must be constructed so that it protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it and having contact with the animals in the facility, and so that it can function as a secondary containment system for the animals in the facility.

To be corrected by August 1, 2022.

This inspection was conducted from 6/27/22 to 6/28/22 and the exit interview was conducted on 7/6/22 with the licensee.
