ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

Tiger named Picasso has a chronic lesion on the left front leg. Facility manager stated that this has been a long-standing issue and that the attending veterinarian has routinely evaluated this issue. There was no record available during the time of inspection indicating that the current attending veterinarian has made an evaluation, recommendation or any treatment plans for this animal. The attending veterinarian must be in frequent communication and given appropriate authority to ensure the provision of adequate veterinary care. Records must be maintained to demonstrate compliance with this section.

FACILITIES, GENERAL.

The primary enclosure housing one leopard, Ferdi, contained a wooden board, platform that has become ragged and worn along the sides and edges exposing a loose nail. All parts of an enclosure must be kept in good repair or replaced to protect the animals from injury. A system of maintenance and repair must be in place.
