### 2.31(d)(1)(ii)

#### **Institutional Animal Care and Use Committee (IACUC).**

Section 2.31 (d) (1) (ii) states - "The IACUC shall determine that the proposed activities or significant changes in ongoing activities meet the following requirements: (ii) The principal investigator has considered alternatives to procedures that may cause more than momentary or slight pain or distress to the animals, and has provided a written narrative description of the methods and sources.....used to determine that alternatives were not available."

\*\*During review of the teaching protocols, a written narrative of the methods and sources used to determine that alternatives were not available to potentially painful and/or distressful procedures described in the protocol did not include surgical procedures.

\*\*Per this Regulation, the IACUC should determine during a review of proposed animal use activities that the proposed activities meet the requirements as per Section 2.31(d)(1)(ii) to include the methods and sources used when determining consideration of alternatives by the principal investigator to potentially painful and/or distressful procedures as described in the protocol.

\*\*The IACUC needs to address this item as identified for this protocol and ensure that all active animal use proposals are in compliance with this section.

### 2.31(e)(1)

#### Institutional Animal Care and Use Committee (IACUC).

\*\*Section 2.31 (e)(1) states "A proposal to conduct an activity involving animals, or to make a significant change in an ongoing activity involving animals, must contain the following:

(e)(1) Identification of the species and the approximate number of animals to be used."

\*\*Upon review of the teaching protocols, there was no written description of the approximate number of animals to be utilized.

\*\*Per this Regulation the IACUC should determine during a review of proposed animal use activities that the proposed activities meet the requirements as per Section 2.31(e)(1) that includes a description of the approximate numbers of animals to be used in the protocol.

\*\*The IACUC needs to address this item as identified for this protocol and ensure that all active proposals are in compliance with Section 2.31 (e) (1).
