INFORMATION AS TO BUSINESS; FURNISHING OF SAME BY DEALERS, EXHIBITORS, OPERATORS OF AUCTION SALES, INTERMEDIATE HANDLERS, AND CARRIERS.

On Nov 30, 2016 a routine inspection was performed at the DFW site of Qatar Airways Cargo. As part of that inspection records of mammal imports and exports from the time of the last inspection (July 2016) were requested. Customs and Border Patrol (CBP) had provided USDA officials with 2 records of imports through Qatar Airways since July 2016. Qatar was able to provide one of these records. After they were shown the second record they were able to find their copy. If USDA officials had not already had the 2 records from CBP, Qatar would not have been able to provide all records requested.

Carriers and intermediate handlers must furnish to any APHIS official any information requested in connection with the enforcement of the provisions of the AWA.

Accurate records for all future animal shipments at any of Qatar's sites must be available for review by USDA officials.

Inspection and exit interview conducted with Qatar representative.
