Environment enhancement to promote psychological well-being.

At the time of inspection, the facility did not have a documented environmental enhancement plan for avian species. This plan is required to promote psychological well-being of the avian species at the facility. The facility must develop, document and follow a species appropriate plan for environmental enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and, at a minimum, must address social grouping, environmental enrichment, special considerations, restraint, and exemptions to the plan.
TO BE CORRECTED BY SEPTEMBER 30, 2023

This inspection and exit interview were conducted with a facility representative and the licensee.
