

Inspection Report

Helene Hamrick
17798 Hwy 92
Ackworth, IA 50001

Customer ID: **5222**
Certificate: **42-A-0124**
Site: 001
HELENE HAMRICK

Type: ROUTINE INSPECTION
Date: 18-APR-2016

3.1(c)(1)(2)

HOUSING FACILITIES, GENERAL.

In the "Female Building" the outdoor section of the enclosures are constructed of chain-link fencing. In one enclosure, housing at least one dog, the chain-link has broken creating sharp points at the level of the dog.

In the "Whelping Building" an indoor enclosure, containing two dogs, has flooring constructed of wire. The wire along one wall has broken resulting in sharp points. During the inspection, the licensee covered the damaged floor with a new, solid piece of flooring. In the outdoor section of three enclosures, containing at least three dogs, the wire flooring has broken creating sharp points. In the outdoor section of two other enclosures, containing at least two dogs, the wire flooring has multiple sharp points running along one edge. Sharp points could cause injury to the dogs.

Housing facilities must be free of sharp points and jagged edges. The licensee must remove, repair or alter the sharp points in a manner that eliminates the injury risk towards the dogs. The licensee must ensure that all enclosures are safe for the dogs at all times.

Correction date: April 25, 2016

Inspection and exit interview conducted with Kelly Maxwell, ACI, Heather Cole, VMO and the facility representative.

Additional Inspectors

Cole Heather, Supervisory Animal Care Specialist
