

## Inspection Report

Central Supply  
P.O. Box 10  
Mesquite, NM 88048

Customer ID: **327335**  
Certificate: **85-C-0043**  
Site: 001  
CENTRAL SUPPLY

Type: ROUTINE INSPECTION  
Date: 09-SEP-2019

### 2.40(a)(1)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

At the time of inspection, there was no written program of veterinary care available. A written program of veterinary care ensures that animals at the facility are receiving adequate veterinary care when utilizing a part-time veterinarian. A written program of veterinary care shall be maintained with the part-time veterinarian.

TO BE CORRECTED BY SEPTEMBER 17, 2019.

### 2.75(b)(1)

#### RECORDS: DEALERS AND EXHIBITORS.

At the time of inspection, there were no records of acquisition or disposition available at the facility. Records containing the required information for animals acquired or disposed of are necessary in order to accurately track animals being used in regulated activities to ensure their humane care and use. Make, keep, and maintain records of acquisition and disposition of all animals that fully and correctly discloses the required information.

TO BE CORRECTED BY SEPTEMBER 17, 2019.

### 3.127(a)

#### FACILITIES, OUTDOOR.

There were no areas within the three pens housing the seven cattle, two camels, one bison, and seven pigs that provided shade from direct sunlight. The bison appeared to be breathing heavily. Lack of shade can lead to overheating and discomfort. Sufficient shade shall be provided to allow all animals kept outdoors to protect themselves from direct sunlight.

TO BE CORRECTED BY OCTOBER 15, 2019.

### 3.127(b)

#### FACILITIES, OUTDOOR.

## Inspection Report

---

There were no shelters in the four pens containing the seven pigs, two camels, one bison, seven cattle, and fourteen goats. Shelter from the elements is necessary to provide protection and comfort for the animal. The facility shall provide natural or artificial shelter from inclement weather.

TO BE CORRECTED BY OCTOBER 15, 2019.

### 3.127(d)

#### FACILITIES, OUTDOOR.

The perimeter fence along the backside of the camel enclosure had a large hole at the base of the fence. The hole is large enough for an unauthorized person or animal to enter the facility. The perimeter fence is necessary to protect the animals by restricting other animals and unauthorized persons from going through it or under it. The perimeter fence must be constructed and maintained so that it protects all animals within the facility.

TO BE CORRECTED BY SEPTEMBER 17, 2019.

This inspection and exit interview were conducted with facility owner.
