2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The facility has an attending veterinarian (AV) and a written Program of Veterinary Care (PVC); however, the PVC is not complete as it does not include the sheep at the facility.

A complete PVC is required to ensure the facility has written guidance from the AV for all species in the areas of vaccinations, parasite control, emergency care, euthanasia, and additional topics if needed, to maintain the health and well being of the animals.

The written PVC should be updated to include the current inventory of animals.

To be corrected by: August 10, 2016

An exit briefing was conducted with the facility representative.
