EVELAND FAMILY FARM

Type: ATTEMPTED INSPECTION

Date: 28-DEC-2016

2.126(b)

ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1300 on 28-Dec-16. Veterinary Medical Officer Dr. Sime and I went to the licensee's house. I knocked on the door and no one answered. I then honked my car horn. I attempted to contact the licensee by phone and left messages on two different phone numbers. Dr. Sime and I saw someone working on farmyard equipment in the back part of the property. I attempted to get the person's attention by honking my car horn numerous times and waving at him/her. I again attempted to contact the licensee by phone. After an hour of not being able to get the attention of the person in back part of the farm, we left the property.

The licensee contacted me by phone later on in the day. He mentioned that he was the one working in the back part of the farm and he did not hear his phone ring. He gave me his optimal hours for inspection. I informed him I would try to catch him another time.

End of report.
