### 2.126(a)(2)

#### Access and inspection of records and property; submission of itineraries.

The written program of veterinary care was not available for review at time of inspection. Review of records required by the Animal Welfare Act facilitates the inspection process by allowing the inspector to determine compliance of documents and to ensure that the established program of veterinary care is being followed for the health and well-being of the animals. The licensee must, during business hours, allow APHIS officials to examine records required to be kept by the Animal Welfare Act and the regulations.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant. All items must be in compliance within 2 more inspections or by July 13, 2024, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
