IN THE COMPANY OF WOLVES

Type: ROUTINE INSPECTION

Date: 15-MAR-2016

2.75(b)(1)

RECORDS: DEALERS AND EXHIBITORS.

Acquisition/disposition records were incomplete at time of this inspection. There was no required acquisition information available for female opossum, Pickles . Also, there was no information concerning the disposition of Blossom , a female opossum.

Complete and accurate animal records must be kept in order to facilitate identification and tracking of animals as well as ensure their health and well-being. Records must be maintained that fully and correctly disclose information concerning all animals purchased or otherwise acquired, owned, held, leased, transported, sold, euthanized or otherwise disposed of and shall include any offspring born while in the licensee's possession.

Correct by 03/28/2016.

3.125(a)

FACILITIES, GENERAL.

Coyote enclosure: The top surface of the wooden den box, which is accessible to the coyotes, has a worn corner area with a hole/opening. Also, there was a protruding nail head located along the edge of this top surface. All enclosures must be kept in good repair and free of sharp points, protruding edges or holes/openings in order to protect the animals from injury and properly contain the animals. A system of timely identification, facility repair and maintenance must be in place.

Correct by 04/06/2016.

Exit interview conducted with facility representative.
