ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The attending veterinarian had not visited the facility in over one year at the time of inspection. The animals were receiving care and treatment as outlined in the signed Program of Veterinary Care (PVC) and prescription labels. Veterinary visits more than a year apart are not considered regularly scheduled visits to the premises of the dealer and conditions could change that would adversely affect the animals even following previously determined best practices. Correct By: 20 March 2015

An exit interview was conducted with facility owner.
