Calvert Laboratories Inc  
Scott Technology Park  
130 Discovery Drive  
Scott Township, PA 18447

Customer ID: 366  
Certificate: 23-R-0107  
Site: 001  
CALVERT LABORATORIES INC

Type: ROUTINE INSPECTION  
Date: 29-NOV-2016

### 2.31(d)(1)(ii)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Section 2.31(d)(1)(ii) IACUC: The principal investigators for ongoing animal activity proposals (protocols) 0436DK19.004 (42 dogs) and 0472DB51.001 (44 dogs) did not provide a written description of the methods and sources used to determine that alternatives were not available to the potentially painful or distressful effects of the test articles described in these protocols. To avoid or minimize discomfort, distress and pain to the animals the principal investigator must consider alternatives to procedures that may cause more than momentary or slight pain or distress to the animals and provide a written description of the methods and sources used to determine that alternatives were not available. Correct by having the principal investigators for the two protocols amend their protocols to provide a written description of the methods and sources used to determine that alternatives were not available. Correct by December 30, 2016.

### 2.36(b)

#### ANNUAL REPORT.

Section 2.36(b) Annual report: One nonhuman primate on animal activity proposal (protocol) 0437SP52.001 was reported in Column E and the other five nonhuman primates on this protocol were reported in Column C on the 2015 Annual Report for the facility. A review of the records for the six animals on this protocol documented that four additional animals also had documented signs of distress and/or pain that were not treated for at least a day and one animal with documented signs received immediate treatment. The 2015 Annual Report should have reported five nonhuman primates in Column E and one nonhuman primate in column D for this protocol. Research facilities must submit accurate annual reports to comply with the Animal Welfare regulations and to provide the correct information to USDA, APHIS, Animal Care. Correct by amending the 2015 Annual Report and submitting it to the Animal Care Raleigh, NC Office to report the correct number of animals in Columns C, D and E.

Dr. Elizabeth Goldentyer  
Co-Director AWO  
USDA, APHIS, Animal Care
