Type: ROUTINE INSPECTION
Date: 29-SEP-2022

2.126(c)(1)(iii)

Access and inspection of records and property; submission of itineraries.

The licensee did not include the dates that she would be traveling with her animals, to the State Fair of Virginia, on the itinerary that she submitted to Animal Care.

Itineraries that do not include all the required information can make it difficult for Animal Care to track animal exhibition and perform necessary inspections to ensure animal welfare at traveling sites.

All licensees that exhibit animals overnight at any location other than the person's approved site, must provide an itinerary to Animal Care at least 48 hours prior to travel which includes the names, dates, and locations where the animals will travel, be housed, and be exhibited in addition to the name of the person exhibiting the animals and the required animal information (name or ID number, species, sex, and age).

Correct by : October 7, 2022.

This inspection was conducted with facility representatives and the exit interview was conducted with the licensee.

This inspection was completed at the State Fair of Virginia in Doswell, VA.
