Site: 001

WORLDWIDE MOVIE ANIMALS L L C

Type: ROUTINE INSPECTION

Date: 27-MAY-2016

2.51(b)

FORM OF OFFICIAL TAG.

The dogs and cats did not have official identification. Whereas many ID tags were present they did not have "USDA" and an individual animal number on the tag, in addition to the exhibitor's certificate number.

Dogs and cats should have official identification that is displayed on their enclosures, and attached to the animal when it leaves the premises, in order to safeguard the animal from becoming lost, and so that animals can be accurately recorded and traced as needed.

To be corrected by 7/1/16.

2.75(a)(2)

RECORDS: DEALERS AND EXHIBITORS.

There was not a Record of Acquisition and Disposition for all dogs and cats on hand. Records were incomplete.

Records should be maintained for at least one year following the departure of animals. Acquisition and Disposition records help to enable the inspection process, and to provide traceability of animals, which can help to protect their welfare. Records should be created and maintained for all dogs and cats. APHIS Form 7005 has been provided to the exhibitor for this purpose.

To be corrected by 7/1/16.

3.1(c)(2)

HOUSING FACILITIES, GENERAL.

The enclosures for the dogs and cats had surfaces that have not been well maintained, and impede adequate cleaning and disinfecting.

The cat enclosures had paint peeling off of the welded wire panels comprising the walls of the enclosures. The metal door frames had peeling paint and rust. Some wooden enclosures inside the dog or cat enclosures had

Inspection Report

deteriorating wood.

Surfaces which are peeling, deteriorating, or rusted cannot be adequately cleaned and disinfected, and could create an unsanitary environment for the animals. Surfaces in the animal enclosures should be maintained in good repair in order to facilitate appropriate husbandry.

To be corrected by 8/1/16.

An exit interview was conducted with the facility representatives on site.
