Type: ROUTINE INSPECTION

Date: 06-JUL-2015

No non-compliant items identified during this inspection.

This was a focused inspection to ensure the non-compliant veterinary care items (2.40b2) and the direct non-compliant items (3.1 and 3.7) identified on the previous inspection (24 June 2015) were corrected. The Chihuahua (#190) was examined and treated by a veterinarian. The licensee consulted the veterinarian about the Shih Tzu (#187), the white Pomeranian (#84), and the Silky Terrier (#162) and provided all three with appropriate treatments. Construction repairs were made to the dividers between enclosures and dogs were moved to different enclosures so there were no more compatability issues.

This focused inspection and an exit interview were conducted with the licensee.
