

Inspection Report

Alaska Airlines
PO Box 68900
Seattle, WA 98168

Customer ID: **1223**
Certificate: **91-T-0001**
Site: PHL
ALASKA AIRLINES

Type: ROUTINE INSPECTION
Date: 29-MAR-2023

3.36(g)

Primary enclosures used to transport live guinea pigs and hamsters.

Ten blue transport enclosures housing approximately 15 guinea pigs in each had no markings on top with the words "Live Animals" in letters at least 1 inch in height (Air Waybill # 027 PHL 9671 9103). Failure to label primary enclosures with the words "Live Animals" on top of the enclosures can result in animals being transported incorrectly and can put animals at risk of injury.

Carrier and intermediate handlers must not transport animals unless the primary enclosure is clearly marked on top and on one or more sides with the words "Live Animals" in letters at least 1 inch height and with arrows or markings to indicate the correct upright position

This inspection and exit interview were conducted with airline representative.

Additional Inspectors:

Kira Wagner, VETERINARY MEDICAL OFFICER

Prepared By: ROBERT MARKMANN
USDA, APHIS, Animal Care
Title: ANIMAL CARE INSPECTOR
