Requirements and procedures.

On November 17, 2023, a Veterinary Medical Officer performed a routine inspection and determined that the airline has been transporting animals in the cargo area of the aircraft without a valid registration. Each carrier and intermediate handler not required to be licensed under section 3 of the Act and the regulations, shall register with the Secretary by completing and filing a properly executed form. The form shall be filed with the Deputy Administrator for the State in which the registrant has his or her principal place of business, and shall be updated every 3 years by the completion and filing of a new registration form.

This inspection and exit interview were conducted with a facility representative.
