### 2.131(c)(1)

#### HANDLING OF ANIMALS.

After the performance, three elephants were led out of the area toward the housing area. Prior to entering their primary enclosure they were offered a drink. No handler or attendant was present behind the elephants and the gates intended to keep the public from the elephant housing were not in place behind the animals. A member of the public and a small boy approached the animals and the man positioned the boy near the back of the animal for a photograph. Sufficient distance and/or barriers between the animal and the general viewing public must be in place to assure the safety of animals and the public. Correct: This point forward

This inspection was performed at the Zembo Shrine Circus in Altoona, PA. An exit briefing was conducted with the responsible agent.
