Zoological Society of Cincinnati
3400 VINE STREET
CINCINNATI, OH 45220

Customer ID: **2208**

Certificate: **31-C-0044**

Site: 001

ZOOLOGICAL SOCIETY OF
CINCINNATI

Type: ROUTINE INSPECTION

Date: 09-JUL-2024

3.153(a)(1)(iii) Critical

Primary enclosures.

The facility self-reported an incident where a Eastern Crested Guineaowl escaped their primary enclosure and died due to predation. On May 13, 2024 the bird was able to navigate through the barrier in the primary enclosure and gain access into an adjacent enclosure. The escaped Eastern Crested Guineaowl was unable to be recovered due to predation.

Enclosures that do not contain birds may lead to escape, distress, non-recovery, or death. Primary enclosures must be designed and constructed of suitable materials so that they are structurally sound, are kept in good repair, and maintained so that they will contain the birds securely. Correct by ensuring primary enclosures contain birds securely. Correct by 26-JULY-2024.

This inspection and exit interview were conducted with Facility Representatives.

Additional Inspectors:

Mark Sanderbeck, ANIMAL CARE INSPECTOR

Prepared By: JONATHAN TOMKOVITCH
