Type: ROUTINE INSPECTION
Date: 20-JAN-2016

3.127(d)

FACILITIES, OUTDOOR.

A 4 foot fence serves as the perimeter fence at this facility . The fishing cats and north american porcupine are housed behind a 6 foot perimeter fence however the other animals housed outdoors are only behind the 4 foot perimeter fence. A fence less than 6 feet high for these animals must be approved in writing by the Administrator. The fence must be constructed so that it protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it and having contact with the animals in the facility, and so that it can function as a secondary containment system for the animals in the facility. It must be of sufficient distance from the outside of the primary enclosure to prevent physical contact between animals inside the enclosure and animals or persons outside the perimeter fence.

CORRECT BY : 4/22/16

A request for a variance which describes the size of the property and current fence in place may be sent to :
USDA APHIS Animal Care
2150 Centre Ave . Building B Mail Stop 3 W 11
Ft. Collins, Co 80526

The inspection and exit briefing was conducted with the owner .
