MISCELLANEOUS.

Access and inspection of records and property.

1. The inspector arrived at 11:15 AM on 4/2/14 to conduct an inspection but the designated contact person for the registrant was not on the premises. It was learned that the designated contact person was out of state and was unavailable.

An AWA compliance inspection could not be conducted because there was no other facility representative available who could locate and provide access to the IACUC documents and other records required to be kept by the AWA and the Regulations.

Unannounced inspections to determine compliance with the provisions of the AWA are required to assess the facility and animals.

Correct from this date forward.

NOTE - This is the FIRST attempted inspection of this recently registered research facility. Report delivered by e-mail 4/2/14.
