Type: RE-LICENSE INSPECTION
Date: 01-MAY-2025

2.1(b)(2)(ii)

Requirements and application

The facility acquired two male lion cubs on March 31, 2025 and began exhibiting them on social media on April 1, 2025, without obtaining prior authorization. The facility's current 3-year license did not have authorization for wild/exotic felids. The authorized use of certain species ensures that the facility is prepared to be compliant with their care and safety. The licensee must obtain a new license with the appropriate authorization before conducting regulated activity with wild/exotic felids.

This is a 1st Re-License Inspection for a Class "B" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by June 30, 2025 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
